ABSOLUTE SLATE COLLECTION

PLOT

Tradition and modernity tell a timeless tale in the encounter between stone, with its natural relief texture, and soft, compact brick. Two porcelain stoneware collections destined to star in interior design projects, delivering both style and performance. The rocky veining of Absolute Slate re-creates beautiful surface patterns that unite with Calce's versatile installation potentials to form a graphic rhythm of irresistible intensity.

wealth of colour shades

Ground-breaking use of colour expresses the strength of stone in Absolute Slate, a collection of aesthetic intensity in three neutral but graphically variegated shades. The typical veining of the inspiration material runs freely across the 11^{13/16"} x 23^{5/8"} size and the Freccia or square chip mosaic, to form tasteful compositions on floors and walls.

dynamic patterning highlights a unique tactile appeal

Visual connections. Absolute Slate's extremely natural appearance combines with its outstanding technical performances for the versatile transformation of interiors. It can be installed on floors in different patterns, to enhance the surface's inner dynamism. The Freccia mosaic, with its fractured motif, breaks matter down into countless small pieces, accentuating sequences that run in opposite directions, a characterful finishing touch to any design scheme.
