CRISTALLO COLLECTION

ENDLESS

Loosely inspired by Cardoso stone, a dense grey sandstone quarried in Italy's Apuan Alps, the Cristallo collection elaborates on materials and colors to create porcelain stoneware with veining and nuances which envelop an ancient memory and a profoundly elegant and natural appeal, transforming into elaborate contemporary textures.

bold veining gently crosses
timeless spaces with great
lightness

a profoundly natural design

Three colors in 24"x48" and 12"x24" formats, with the matching 12"x12" mosaics and 12"x24" Chiseled decoration in the same background shades, make up a versatile range of tiles designed to fill residential and commercial environments with soothing elegance. A palette of refined tones features shades of beige and grey, reaching intense and variegated colors to fit into a harmonious and essential interior design.

undulating trajectories, without beginning or end, capture the eye

Continuous visions. The Chiseled decoration becomes a precious accent characterizing the tiles, thanks to the gently rippled effect of its surface patterning, accompanied by a relief structure which shimmers in the light, creating unusual three-dimensional effects. Warm tones and dynamic textures create broad and well-lit spaces, while maintaining perfect visual continuity between floor and wall tiles which is suggestive of new furniture solutions.

CRISTALLO COLLECTION

textural incursions on delicate nuances

Materials meld into a unique surface with an original textural essence, on the strength of a technology which transforms it into a porcelain stoneware with impressive physical and mechanical properties, with a tactile and manifold esthetic. The Cristallo collection is ideal for use on both floors and walls, in projects ranging from residential construction to public and commercial environments.

CRISTALLO COLLECTION

open and interconnected spaces

The use of the two modular formats for flooring installations allows the particular shade variation effects of the surfaces to be emphasized. The Cristallo collection creates natural and enveloping habitats, setting up dialogue with refined furnishings and offering a strong textural component, in order to convey sensations of well-being and authenticity to our living spaces.
