Caratteristiche Tecniche

-  Frost proof
-  Resistance deep abrasion

Destinazioni d'uso

**D**  
 Tiles suitable only for residential bathrooms and bedrooms; any type of abrasion must be avoided.

**E**  
 Tiles suitable for any room of a house except for entrance areas and kitchens. Low stress abrasive wear.

**F**  
 Tiles suitable for any room of a house without direct access from the outside or access not protected by doormats. Average stress abrasive wear.

Variazioni cromatiche

**V0**  
 Monochromatic - V0: tiles of the same shade are very uniform, in just one colour

**V1**  
 Uniform appearance - V1: uniform colour with only minimal differences between tiles in the same production run

**V2**  
 Slight variation - V2: clearly distinguishable differences in texture and pattern within the same production run

**G**  
 Materials suitable for rooms subject to medium-heavy abrasion, such as detached houses and light-traffic commercial buildings.

**H**  
 Materials suitable for situations of relatively hard abrasion in environments without protection against scratching, both public and private.

**V3**  
 Moderate variation - V3: significant variation in texture, pattern and colour from tile to tile within the same production run. The colour range should be viewed before selecting the material

**V4**  
 Substantial/random variation - V4: random differences from tile to tile. One tile may have totally different texture and colour from another. The colour range should be viewed before selecting the material
